

Effects of climate change on natural ecosystems along an aridity gradient: known and unknown in time of uncertainty

Speaker: Prof. Marcelo Sternberg

Tel Aviv University, Israel

Time: 10:00 am Nov 23, 2016

Venue: Conference Room, Ecology Building
(生态楼二层会议室)

Person to contact: Shunli Yu(于顺利), 62836506

Brief Introduction of Speaker:

Prof. Marcelo Sternberg focuses his research on seed ecology, grazing ecology, global change ecology and biodiversity, he has published more than 200 articles in *Science*, *Nature Communication*, *Ecology*, *Ecography*, *Global Change Biology*, *Journal of Ecology* etc. Prof. Marcelo Sternberg is Associate Editor of *Journal of Arid Environments* and Member of Editorial Board of *Israel Journal of Ecology & Evolution*, *Perspectives in Plant Ecology, Evolution & Systematics*, *Plant Diversity Journal* etc.
